

Message from the Director:

It is hard to believe that the year is drawing to a close and so many of our wonderful families will be moving on. We will miss their sweet faces!

I simply must say THANK YOU! Thank you for choosing to trust Creative with the care, comfort, and education of your children. Thank you for all you have done, the care you have offered and the time you have given, making this year so

productive and such a positive experience. We hope this year has been a wonderful experience for you and your children. Thank you to all our parents who have volunteered their time, shared their expertise and lended a hand to make Creative Preschool AMAZING! A HUGE THANK YOU to our Parent Board members who have helped us this year! A very special thank you to our “retiring” board members, Stacy Kyde, Erin Lipps, Kara Prewitt, and our playground rep Kelly and Mitch Frey who have helped to keep our playground beautiful! Creative is blessed to have all of you working together for the good of our sweet school! Thank you again for your dedication!

Have a fun-filled and safe summer! The end of every school year is bittersweet. Saying goodbye is sad. We wish those of you who are leaving

Creative for the last time everything good in the future. Those of you who are returning, we will happily see you in August!

A Message from the Board President

Thanks again for the dedication, love and time you all put into making Creative the best preschool on the westside. Have a wonderful summer!

Creative Carnival MAY 3rd 11:00–2:00

The Creative Carnival will be held on May 3rd and will be here before we know it. Preparations are already underway! We are looking forward to this family friendly fun event and hope that you will not only join us but will spread the word. The Carnival is our biggest fundraiser. We will need lots of volunteers to help make this event successful. Each class is assigned a themed raffle basket to create and add to our raffle. Classes also host the game stations. Volunteers are needed for game stations. Please consider signing up below!

5/14	Last school day MW, MWF
5/15	Last school day TTh, TThF
5/16	Last school day FF

CLASS NEWS:

News from Friday Friends

Hello Friends! It's hard to believe we are wrapping up this school year. With only three Friday's left, we will wrap up our final days talking about summer and some of the fun things we will be doing with our families!

Our class will also have the wonderful experience of watching caterpillars grow and change right before their eyes. We will observe the tiny caterpillars as they transform into beautiful butterflies and talk about the life cycle as we watch it happen over the next two weeks. The best part is we will get to release our butterflies into the world!

Reminder, our last day for Friday Friends is Friday, May 16th. See last page for information on the end of year celebrations.

We would like to say **Thank You** to each of our families for a wonderful year! We appreciate the many ways you have helped us in our classrooms and all of the support you have given to us! Have a fantastic summer!

News from Three's

Hello Friends! We made it! Your children have grown and matured so much this year! Summer vacation is almost here! This month, we will continue to discuss how we are seeing the different signs of the Spring season. The children are noticing the pretty dandelions growing in the grass. We will examine the difference between yellow and white dandelions.

What happens if we blow on the white ones? Will the seeds float away? What will the seeds create? We will be learning a bit about air and experimenting with air movement by creating our own kite. To wrap up the school year, our children will work on putting the letters of their name in order and writing their names on their own. We will make our own kites and go outside and run around with our kites and see how they move when we run! Our class will also have the wonderful experience of watching caterpillars grow and change right before their eyes. We will observe the tiny caterpillars as they transform into beautiful butterflies and talk about the life cycle as we watch it happen over the next two weeks. The best part is we will get to release our butterflies into the world! See last page for information on the end of year celebrations.

News from Four's

The end of another school year is just around the corner and this year has been such a wonderful year! Thank you for entrusting your child to us and for the many ways you helped us in our classrooms. We will carry many treasured memories of the days spent with your child in our hearts. It has been our pleasure to teach each of them!

In the month of May we will be reviewing the letters and numbers we have learned this year. Throughout the month we will have "Bike Day" and "Outdoor Day". Bike day will be on May 1st and 2nd. Information went home in your child's cubbies before break. Outdoor day will be on May 8th and 9th. These are two very fun days that we look forward to! We will be finishing up our Alphabet Books for your child and you to enjoy. They have worked really hard on them and are excited to show their work. Our class will also have the wonderful experience of watching caterpillars grow and change right before their eyes. We will observe the tiny caterpillars as they transform into beautiful butterflies and talk about the life cycle as we watch it happen over the next two weeks. The best part is we will get to release our butterflies into the world! See last page for information on the end of year celebrations.

We Will Miss You!

News from PreK

The end of the school year is fast approaching which means that we will be busy as usual! The end of a school

year always makes us a bit sad as we spend our last few days with your child and try to ready ourselves for saying, "good-bye" to each of them. It has been a wonderful year! We have marveled at the academic excellence of each of the children! They have accomplished so much! It has been a great blessing to watch

them learn and grow this year. We have also enjoyed working with each of you in our classrooms and we thank you for the many ways you have helped us this year!

We have completed our study of the alphabet and our alphabet books! We will use this last month to make sure we catch up on any alphabet pages missed while absent so each student has a complete book. We will also be making our final preparations for the end of the year. Look for us to break away from our usual days with some fun themed days like 'Outdoor Day' and 'Bike Day'. Bike day will be on May 1st and 2nd. Information went home in your child's cubbies before break. Outdoor day will be on May 8th and 9th. These are two very fun days that we look forward to! More information to come about those days and other End of the Year fun! Our class will also have the wonderful experience of watching caterpillars grow and change right before their eyes. We will observe the tiny caterpillars as they transform into beautiful butterflies and talk about the life cycle as we watch it happen over the next two weeks. The best part is we will get to release our butterflies into the world!

During this school year your child has made an alphabet binder. Your child has spent a lot of time on it and our hope is that you both will enjoy looking at it together!

See last page for information on the end of year celebrations.

Please bring your child to his/her classroom 10 minutes before the beginning of his/her Celebration. The first part of our Celebration will be upstairs. Then, weather permitting, we will go outdoors, so please dress your child accordingly. No doubt the children will want to enjoy the playground together one last time! Students will NOT have a full school day on the last day.

Please be sure to check out our website for the latest news & calendar updates.
